MØBLER

- A PHILOSOPHY -

Human First

How much space do you need to stretch out your arms? How should a chair's backrest be angled so that you can sit back properly? As Børge Mogensen said, "Furniture must serve people." With that in mind, everything from FDB Møbler is designed to last a lifetime, through moves from one place to another, through childhood dancing on tabletops, through adulthood settling on the sofa with the kids and the dog. Our fundamental design concept cuts right to the bone: no superfluous embellishment to diminish the beauty of simplicity, no trendiness to detract from true timelessness. In short, honest design and solid craftsmanship 360 degrees around, so that even the undersides of our tables and chairs have nothing to hide. Behind every FDB Møbler product is a designer dedicated to creating value for people, both here and now and in the future.

10-year furniture guarantee

The good materials and solid craftsmanship of FDB Møbler are an iconic part of Danish design. Since 1942, when FDB Møbler was founded with architect Børge Mogensen as creative director, we have produced good quality and fine craftsmanship at reasonable prices.

We have expanded our furniture guarantee and now offer a 10-year guarantee on all furniture from FDB Møbler.* If you treat and use your furniture as we recommend, but still experience flaws or defects, FDB Møbler A/S will reimburse you with either a repair, replacement, or credit note.

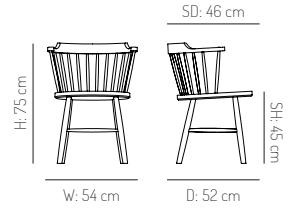

The furniture guarantee does not apply to lamps, accessories, or garden furniture.

A simple, light-colored wooden chair with a rectangular backrest and a seat, positioned in the foreground on the left side of the image.

A built-in wooden shelf unit with four shelves, located in a recessed area of the wall. The shelves are decorated with various items: a stack of books, a yellow vase, a pink sphere, a brown sphere, and a small stack of books.

A light-colored wooden door with a simple, rectangular frame, set into a white wall on the right side of the image.
